

HBI and Mathison Centre Full Membership Application

Thank you for your interest in the [Hotchkiss Brain Institute](#). While the HBI provides resources – such as space, core facilities, and seed funding – the activities of our members, working together to advance our research and education mission, are the true ‘engine’ of the Institute. HBI members secure tens of millions of dollars in competitive external funding each year; they create new collaborative, team-based projects; and they drive research discovery and translation efforts within the Institute. Associate membership in the HBI (new and continuing) is approved by the HBI Executive Committee and is subject to periodic review.

If you are interested in mental health research and education and wish to join [The Mathison Centre for Mental Health Research & Education](#), please select the appropriate option on the form below. The Mathison Centre leads mental health research and education within the HBI. Full Mathison Centre membership requires approval as an Associate HBI member.

HBI and Mathison Centre Associate Membership Guidelines – please review before applying.

Associate Membership Criteria:

- Academic appointment at a post-secondary institution or equivalent; including adjunct and research appointments
- If the applicant is external to the University of Calgary, they must be sponsored by a Full HBI member
- An interest in brain or mental health research and/or education, but with a primary interest or commitment outside of the HBI/Mathison Centre

Benefits:

- Opportunities for collaboration with the HBI and Mathison membership, including the option to join one or more Brain & Mental Health Team* (please visit <https://hbi.ucalgary.ca/research/brain-and-mental-health-teams> for details)
- Invitations to all HBI and Mathison events for the PI plus all of their trainees and research staff
- Please note that Associate members are not eligible for HBI or Mathison funding, direct support or core resources, and typically are not allocated space within the HBI/Mathison footprint

Responsibilities:

- Ongoing contributions to HBI or Mathison research and/or education activities
 - Contributions may include participation in collaborative research projects, membership on graduate student review committees, internal review of grant applications and other similar activities

Once completed, please send this form along with a copy of your CV and an electronic photo to hbi@ucalgary.ca. Your application will be reviewed at the next possible HBI Executive Committee meeting (held monthly from September to June). Please note Mathison membership requires a two-stage approval process, and thus may take up to three months.

HBI Associate Membership Application Form:

Name:		Date:			
<p>I wish to also apply for associate membership in The Mathison Centre</p> <p><i>Please be aware that Mathison membership requires a two-stage approval process, and as such allow additional time for approval (up to 3 mos).</i></p>
