

## HBI and Mathison Centre Full Membership Application

Thank you for your interest in the [Hotchkiss Brain Institute](#). While the HBI provides resources – such as space, core facilities, and seed funding – the activities of our members, working together to advance our research and education mission, are the true ‘engine’ of the Institute. HBI members secure tens of millions of dollars in competitive external funding each year; they create new collaborative, team-based projects; and they drive research discovery and translation efforts within the Institute. Membership in the HBI (new and continuing) is approved by the HBI Executive Committee and is subject to periodic review.

If you are interested in mental health research and education and wish to join [The Mathison Centre for Mental Health Research & Education](#), please select the appropriate option on the form below. The Mathison Centre leads mental health research and education within the HBI. Full Mathison Centre membership requires approval as a full HBI member.

### **HBI and Mathison Centre Full Membership Guidelines – please review before applying.**

#### **Full Membership Criteria:**

- A current academic or clinical appointment at University of Calgary - includes professorial ranks (assistant, associate, or full professor), instructional ranks (instructor lecturer, senior instructor), clinical appointments

#### **Benefits:**

- Opportunities for collaboration with HBI and Mathison membership, including the option to join a Brain and Mental Health Team (please visit <https://hbi.ucalgary.ca/research/brain-and-mental-health-teams> for details)
- Eligible for all HBI and/or Mathison Centre support programs and resources, including:
  - Graduate studentships and postdoctoral and clinical fellowships
  - Support and funding for use of all HBI-run Platforms, including the Molecular Core, the Advanced Microscopy Platform (AMP), the CSM Optogenetics facility, the Non-invasive Neurostimulation Network (N3), the NeuroImaging Research Unit, the MR-guided Focused Ultrasound, and RESTORE.
  - Internal Peer Review and Mentorship
  - HBI Pilot Funding, Infrastructure and Small Equipment Repair and other HBI/Mathison funding programs
  - Project funding opportunities through the Brain and Mental Health Teams
- Receive priority for space within the HBI or Mathison footprint (in alignment with strategic priorities)
- Invitations to all HBI and Mathison events for the PI plus all of their trainees and staff

#### **Responsibilities:**

- Aligned with one or more HBI or Mathison research and/or education programs
- Evidence of ongoing scholarly contributions to the field of brain and mental health
- Acknowledgement of HBI or Mathison affiliation on all publications, presentations and posters by PIs and trainees

- Commitment to actively contribute to the HBI or Mathison Centre's success via involvement in one or more:
  - Internal review of member grants (expected participation of Associate and Full Professors)
  - Mentorship for fellow members (expected participation as mentors by Associate and Full Professors)
  - Teaching affiliated courses and programs
  - Service on committees and/or leadership roles
  - Assistance with research, education and community events
  - Participation in other activities as requested
- Attendance at all major annual HBI or Mathison research and education events, including the Bryan Kolb Lecture in Behavioural Neuroscience (fall), HBI/Mathison Research Days (spring), town halls, plus regular attendance at other seminars and symposia. Attendance is critical to the Institute's culture of collaboration.

Once completed, please send this form along with a copy of your CV and an electronic photo to [hbi@ucalgary.ca](mailto:hbi@ucalgary.ca). Your application will be reviewed at the next possible HBI Executive Committee meeting (held monthly from September to June). Please note Mathison membership requires a two-stage approval process, and thus may take up to three months.
