1. Objectives of the Project:

2. Budget (How will the funds be spent? Include discussion of overlap with existing projects, if appropriate. Provide a justification and indicate the amount to be spent on each budget item.)

Budget Proposal		
Description	Amount \$	Justification
Research staff salaries and benefits		
Trainee stipends and benefits		
Minor equipment (<\$5,000 without prior approval)		
Materials and Supplies		
Research subject costs (including reasonable patient reimbursement)		
Total requested funding:		<i>Total request not to exceed funding set aside for the award applying for.</i>

3. Background of the project (What is known already? Include preliminary data, if available):

4. Novelty (What will we learned that we do not already know?)

5. Methods (Please describe sample/population, measurements and analysis, as appropriate. Describe expected and unexpected findings, and alternate approaches, if appropriate.)

6. Sample size with justification (Please describe how you arrived at your sample size.)

7. Anticipated Results (Include discussion of limitations or unexpected findings, if appropriate.)

8. Likelihood of Generating New Funding (How does this project fit into your program of research?
Can the pilot data be used to apply for new grants?)

Please note that supplementary or “top-up” funding is not permitted for this competition; projects must explore a new avenue of research for the investigator.

Are there any other sources of funding? Yes: _____ No: _____

If yes, from where: _____
